Customer Owned Temporary Electric Service Checklist

Steps for New Temporary Electric Service Installation
Service cable only - this is the line from the last pole to your building.
No line construction needed - no additional poles need to be set.

This checklist will help you make sure that the necessary paperwork reaches BRMEMC and your job stays on track!

Temporary service will be installed in instances where permanent structures will not be available, such as construction trailers, road projects or service for contractors for construction purposes.

- 1.** ■ **Call BRMEMC** at (706) 379-3121 ext 827 or toll free at 800-292-6456 ext 827 to establish your temporary service.

My new BRMEMC account number: _____

- 2.** ■ **Review Pricing Fact Sheet.**

* Temporary service charge

- 3.** ■ **Complete and return the following service forms** to your local BRMEMC Service Center.

1. Electrical Inspection/Permit

- 4.** ■ **Service enclosure inspection.**

Once all items listed in step 3 have been returned to BRMEMC and your electrician has completed installing the metering equipment, you must call BRMEMC to inspect the service enclosure. We will need access to the main breaker. Once the service enclosure passes our inspection, we will install the meter and send you a date that we will connect your service.
